FLAMBEAU RIPPLINGS.

DEDICATION

In honor of E. M. Dahlberg, Secretary of the Wisconsin Conservation Commission and instructor of Biology and Physics of the Ladysmith High School, who by his enthusiasm, vitality, sympathetic understanding, and untiring efforts toward the promotion of the interests of others, has won the deep admiration of the students and friends of the school during the twelve years he has been in our midst, we dedicate this volume of the nineteen-thirty Flambeau Ripplings.
